Protests Against Orders Withdrawing Soldiers From Mexican Border.

WILL BE MADE BY SENATORS

Secretary of War May Be Called Upon for Full Statement.

Washington, February 25.—A demand upon the government for adequate troops to protect El Paso and other border points will be made to-morrow either through the Senate Foreign Affairs Committee or upon the floor of the Senate by Senators from Texas with New Mexico. Many telegrams from city and State officials received by Senators Sheppard, of Texas, and Fall and Cator, of New Mexico, resulted in their determination to ask the Senate to demand an explanation from the War Department for the recent order withdrawing troops from the border.

The protests are directed at the concentration of troops at Galveston. It is claimed this leaves unprotected a long stretch of country, where the Mexican forces are stronger. Senator Sheppard stated to-night he would go before the Foreign Relations Committee to-morrow morning and ask that body to take up the matter with the War Department.

Activities Manifest. In the army building, activity was still manifest. It was learned to-day that the order mobilizing the Second Division at Galveston will soon be followed by the despatch of the First Division to the same point. These preparations up to date have not included any authorization to the Quartermasters' Department to secure the transports, without which the troops will be as useless in Galveston as they would be in the interior of the State. The orders also contemplate the movement of 800 cavalry, and the transports, now available are totally inadequate in equipment for this duty.

The First Division of the army is composed of troops, most of which are either in New York State or in an easy radius of it. An order to carry troops to the front will mean their dispatch by transport from New York harbor. This can be done more readily, as any vessels that can be secured as transports, will have to be found in New York.

The First Brigade of the First Division consists of the Third, Fifth and Twenty-ninth Infantry. The Second Brigade comprises the Second, Ninth and Seventeenth Infantry, and the Third Brigade, the Tenth Cavalry and the Third Field Artillery. In the view of the War Department it will be wasting money to make immediate charters, as no necessity exists in the official belief, for a movement of troops outside the borders of the nation.

AMBASSADOR TO WASHINGTON
Will Be Appointed at Meeting of Cabinet on Thursday.
Mexico City, February 25.—It was decided to-night to call an extraordinary meeting of the Cabinet on Thursday for the purpose of appointing a Mexican ambassador to Washington. The appointee will likely be Senor Covarrubias, former charge d'affaires at Washington.

The whole State of Aguascalientes is reported to-night, but the governor is loyal to the Mexican Government.

Announcement of Gobernador Granados announces that all States are loyal except Tabasco and Campeche.

STEAMER SUWANNEE BURNED.
About \$10,000 Damage Done to M. & M. Line.
Savannah, Ga., February 25.—Scorched throughout her lower decks forward and with her main decks and smoking funnels damaged by water, the steamship Suwannee, of the Merchants' and Miners' Transportation Company, which was on fire at the ocean steamship docks early to-day, narrowly missed total destruction.

Savannah firemen extinguished the flames after a fight of three hours. The loss is estimated at \$10,000 to the company and vessel. The Suwannee will proceed tomorrow for New York.

Eighteen passengers left the burning ship in an orderly manner.

WAGNER CONFESSES MURDER.
Says Killing Was Done on Orders of Buttolph Contractors.
New York, February 25.—Abraham Steinberg, a walking delegate, was murdered on orders of buttolph contractors, who feared his labor would injure their business, according to the alleged confession to-day of Harry Wagner, the man charged with the killing.

Wagner, who was arrested shortly after the murder on January 7, confessed to the police, he says, that he committed the crime for \$50, and because of a threat that he would be executed for failure to prevent the signing of a contract, arranged by Steinberg, which would have eliminated the clothing manufacturers and the National Buttolph-Makers' Union to deal directly with each other.

Wagner, the police say, named Abraham Flankoff, his buttolph contractor whose name he had forged to checks. Flankoff, his eighteen-year-old daughter, and Louis Weinstein, also a buttolph contractor, were arrested to-day, the men charged with homicide and the girl with being an accessory after the fact.

TAFT IN DEFENSE OF MRS. GWATHMEY

Brother of President Appears as Counsel in Suit Brought by Mrs. Bishop.

[Special to The Times-Dispatch.]
New York, February 25.—Henry W. Taft, brother of President Taft, to-day defended the good name of Mrs. William Gaines Gwathmey, wife of J. Temple Gwathmey, before Supreme Court Justice William D. Morgan.

Mrs. Gwathmey, who is named by Mrs. Abigail H. Bishop in her action for absolute divorce against James H. Bishop, the millionaire banker, she charged in the latter part of Senator O'Gorman to represent her, and Mr. Bishop retained Henry W. Taft. Mr. Taft appeared to ask for a bill of particulars in the divorce action against Mrs. Bishop and Mrs. Gwathmey.

"Mrs. Bishop, in support of her action for alimony and counsel fees," Mr. Taft said, "charged that in the latter part of December her husband had gone to the Hotel Astor with Mrs. Gwathmey. This Your Honor should know."

"A chambermaid was taken to the office of Mr. Bishop, and she identified him as the man she saw in the hotel. The maid did not know the name of the woman, nor did she know what the man was Mr. Bishop, or what he was doing there. Mrs. Bishop was ill-advised in starting this suit for divorce. She is now endeavoring to support her allegations by circumstantial evidence. Indeed, her allegations are of the vaguest nature. No names are mentioned and no specific dates are given. We ought to get this bill of particulars."

"Mr. Taft will get all the facts and particulars he wishes," said Cyril Despot, for Mrs. Bishop. Mr. Taft is really wasting his eloquence, for there is no objection to giving him the particulars that he desires."

Justice Lehman reserved decision until the application for the bill of particulars.

SWEEP BY WAVES MOUNTAIN HIGH

British Steamer Reaches Newport News After Encountering Many Gales.

Newport News, Va., February 25.—With one man missing, one lifeboat swept overboard and two others smashed, her steam steering gear badly damaged and otherwise battered, the British steamer *Fennedine* arrived in port from Christiana, Norway, bringing a story of hardship and disasters that few ships of her class have withstood. Captain Leighton and his officers say that they encountered one gale after another, and at times it appeared as if they must certainly go down. Waves mountain high swept the ship, and although loaded to her hatch covers, she frequently rolled rails under.

An awning frame over the false bridge, forty-five feet above the water, was swept away by a wave that hit the ship. The awning frame, the lifeboats were torn from their davits, and in one place the steel wall of the cabin was bent in. The boat deck was ripped and torn asunder, and to make matters worse, during the height of the gales one of the gear wheels of the steering apparatus was carried away, leaving the ship helpless. The gear was thrown and banged about the deck, and the ship was in a very bad way. The ship was in a very bad way. The ship was in a very bad way.

The action of the convention to-day followed an address yesterday by International Vice-President Frank Hoys, who has just returned from the West Virginia coal fields, and who gave an account of the hardship and privations which he said the men on strike are suffering.
